Small Trading Volume and Small Advances.

NEW YORK, April 27.-The stock market opened irregular. Northern Pacific started in higher. Great Northern prefered declined %. Chesapeake and Ohio lost as much. Pennsylvania opened unchanged, advanced ¼ and reacted. Steel common, Smelting, and Union Pacific were unchanged.

Union Pacific were unchanged.

1 a. m.—The market in the first hour ruled firm to strong with trading so small in volume as to make brokers call it no market at all. In nearly every case the changes at the end of the hour consisted of advances of less than 1 point. Government bonds unchanged; other bonds quiet and firm.

The market closed firm, with moderate net gains.

## EXCELLENT SHOWING OF T. C. & I. FOR 1906

A remarkably satisfactory showing on Read Rep. its operations and an excellent statement on its mineral resources, plant equipment, and financial condition, and record of the rehabilitation and additional construction accomplished during 1906 were made in the annual re-port of the Tennessee Coal, Iron and Railroad Company. Gross sales and earnings were given as \$13,265,970, or \$2,-313,991 more than in 1905, while net earnings, despite an enormous increase in expenses, repairs and maintenance, were stated as \$2,753,160, a gain of

The surplus for the year was given as \$1,087.338, or \$59,053 more than that at the close of the preceding year, while the balance, after the deduction of greatly increased dividend disburse-ments, amounted to \$126,882 or \$20,493

ments, amounted to \$126,882 or \$20,499 more than that for the previous year. Expenses, repairs and maintenance involved \$10,512,810, an increase of \$2,044,971, and depreciation, renewal, and replacement charges involved \$770,677, or \$145,587 more than in 1905.

The management also reported that the company's gross sales for last year, amounting to \$13,008,463, compared favorably with the gross sales for 1905, which amounted to \$10,837,672, and with those for 1904, which aggregated \$8,920,932.

#### CLASS HATRED IS DOMINANT IN AMERIC

(Continued from First Page.)

Americana' in the minds of our coun trymen, from the Atlantic to the Pa Perhaps there is some reason fo this in the abuse of privilege.

#### Class Hatred Dominant.

"I believe that never before has class hatred so dominated the public mind a at this hour. In McKinley's time ther was an era of good feeling, but I think today a man must be blind who cannot see the feeling, never before so exag gerated, of hatred and envy of pros

gerated, of hatred and envy of prosperity. (A few hisses heard.)

"I believe it is the practical dissolution of great parties that has resulted in a menace to the republic. I don't care whether you agree with me or not—I believe the country today is dominated by exaggerated hero-worship. There is a despotism in each party caused by popular admiration of one-man rule. And no country is safe when love of country is dominated by mere personal Molatry. (Here applause was loud, and many of the bankers rose and waved napkins.) napkins.)

#### Arbitrary Caprice.

"Every great corporation today that its own State is subjected to the arb trary caprice of public opinion in every State through which its trade passes."
Raising his voice, the speaker said

Raising his voice, the speaker said:
"I have not unmixed admiration for the policies of our present President, but I believe his greatest service has been to bring to public notice certain present conditions of affairs.

"The people have already had an object lesson costing two thousand millions of dollars. And I ask you, how can a railroad keep out of trouble if it is ground between the upper and nether millstones of Federal and State authority? 'You can't get a railroad to tell abso-

lutely what its interstate ultrastate to profit taking. The weather map american a showed an improvement.

#### ALL-STEEL POSTAL CAR FOR SOUTHERN PACIFIC

SACRAMENTO, April 27.-Under the ent of motive power and machinery, there has been built at the Southern Pacific workshops at Sacramento an all-

steel postal car.

While it cost \$14,000 Mr. Small believes that it can be duplicated for less money. Its weight is 119,000 pounds. This heavy weight is due to the fact that it carries its own dynamos for lighting purposes.

#### OLIVER R. MERRILL DIES, AGED EIGHTY-FOUR

Oliver R. Merrill, a veteran clerk in the United States Treasury Department, is dead. He was a native of Augusta Me. In 1856 he came to Washington to accept a position in the Navy Depart ment. In 1864 he was transferred to the Treasury, serving there forty-three years. He was in the public service for 51 years. He was a Mason and Odd Fellow and a member of Epiphany Protestant Episcopal Church. His body was sent to Augusta, Me. Mr. Merrill was eighty-four years of age.

#### PLANKED SHAD DINNERS AT MARSHALL HALL

Those who have never enjoyed planked resort. Planked shad, including the famous Marshall Hall clam chowder and all the early spring vegetables, will be served on arrival of the boat. Everything is nicely cooked and served, and there is always an abundance of good things on the menu. The sail up the river in the cool of the evening is certainly not the least enjoyable part of the entire trip.

The steamer Charles Macalester will leave Seventh street wharf tomorrow at II a. m. and 2:30 p. m. The ladies are especially invited on these excursions. Planked shad dinners will be served at Marshall Hall every Sunday during May.

Of late Saturdays have usually been without any feature of interest. Today was an exception. And it came in the nature of a surprise. For some weeks Mitchell Mining has been drifting around in a somewhat rudderless fashion. The stock was plentiful at 4, and sellers had to make concessions to effect sales. The record shows that during the past fortinght several hundreds even thousands of shares have been sold around 3½. Options even were plentiful at but little better prices. Hence when 4½ was offered today for an option on 500 shares it was considered too good to let get away. And therein the mistake was made, for immediately following the sale the cash stock brought 5, and a quarter point better was paid for good options. In this case "haste made waste," and the broker who rushed too hastily into the market was obliged to take some good-natured jesting.

Then on the after call brokers got

Then on the after call brokers got busy on Gas stock, and took up 350 shares at 61½ for cash, and a half point higher on options. The strength of this stock continues with many rumors connected with the cause for activity.

Notice has been given that the issue of \$300,000 United States Electric Lighting Company's debenture improvement 6 per cent bonds, maturing May 1, 1907, will be paid off on that date. These bonds are now a part of the indebtedness of the Potomac Electric Power Company, and were issued in 1897.

Attempts to make a noise like a boom in the stock market are more or less pathetic, but they serve to vary the monotony of the daily sessions. If it were not for these occasional spurts life on the Stock Exchange these days would be dull indeed. The dear public is taking little or no interest in the course of prices.

The Safest Investments

Are those that do not depend upon the financial responsibility or the stability of any individual or corporation. First deeds of trust (mortgage) notes liberally secured on good real estate in the District of Columbia, constitute "gilt-edge" investments. These are the only kind we make and supply to investors. They bear interest payable semi-annually, at the rate of Five per cent per annum, and may be had of us in amounts from \$500 and upward at par and accrued interest. come to an established comcharged for loans has at all it limes been fixed, first, by the size of the loan, and, second, the security offered. A large loan on giftedge security costs 4 or 5 per cent per annum; a small loan on he same security costs where a loan on chattels costs still more, because of the expense connected with it.

If you are compelled to borrow, you should no more hesitate to borrow on your household effects, if that is all the security you have, than does the merchant who borrows on his business, or the financier who borrows on other securities. They all borrow. The big merchant borrows more than the little merchant. It is no disgrace to be poor, or 15 have to borrow on your household effects, although it is a little unpleasant at times. Our advice in looking up a company to borrow from is to pay little attention to the companies that advertise "lowest rafes," or those that presume to quote their rates or twarn you against "ten per centers." Such those that presume to quote their rai warn you against "ten per centers." advertising is tommy-rot. All com-have practically the same rates. It is a question, therefore, of fair and cou treatment.

If you are compelled to borrow on your household effects, or if you have a loan now and are not treated courteously, call upon us and we will take great pleasure in rendering you such assistance as may be in our power. We make all classes of loans. We will treat you courteously and give you a "equare deal."

for the same loan.

What you save each month by dealing with the National in preference to the ton per center. Think what that means if you carry the loan five or six months! After seeing such a comparison it is needless to say anything further about our rates. It is plain this is the most reliable company to deal with. We loan in any amount from \$10 to \$500.
